Notes about The Primary Commons Menu..

- Our steaks are best served rare to medium. We can cook beyond medium, but the integrity of the dish, as well as wait times, are not guaranteed at well done temperatures.
- Please ask your server for suggestions on what menu items can accommodate various dietary restrictions. Our chefs do offer customizations that are not always represented on the menu.
- Our menu is truly seasonal! This means sometimes your favorites come and go with the seasons. Our menu reflects that natural fluidity, hence the menu items changing week to week! Our seasonal produce availability also changes daily, ask your server for any current sides that are not represented on the printed menu
- Parties of 10 or more have an instituted service charge of 20%. Additional tips are not expected but always appreciated for excellent service!
